

## **About Us**

Since 2024, ListIt has burst onto the scene utilising modern technology and forward-thinking to change the way people buy and sell cars, commercial vehicles, farming equipment and more. Through this, ListIt offers a safe, secure and easy way to navigate the market. Our goal is to make your life easier, allowing you to compare prices, makes and models all at the touch of a button - without having to navigate the spam and scams of the online world.

Through ListIt, we will help you find a deal by allowing you to:

Easily compare price

Filter location

Choose from a range of options from both private sellers and established dealerships

Have a customer service team on standby to assist you through the process.
